

tRIIO ENVIRONMENT WEEK

What can I do at home?

STEP 1 : IMPROVE THE ECOLOGY IN YOUR GARDEN

Build a hibernacula

This can be done in 4 easy steps. For more info see tRIIO webpage.

Build a bug hotel

Build your own bug hotel in 3 easy steps

STEP 2 : REDUCE YOUR ENERGY CONSUMPTION AT HOME

THE KETTLE

By only boiling what you need you can save up to 5p per boil.

TURN IT OFF

Electronic appliances on standby costs UK households approx. £80 per year.

HEATING

Turning down your heating by 1C can save you up to £75 per year.

STEP 3 : REDUCE YOUR FUEL CONSUMPTION ON YOUR WAY TO WORK

REMOVE WEIGHT

KG

Increasing the mass of your vehicle by 10% will use 10% more fuel.

CAR SHARE

Find out who you can share with. It's more cost effective.

REDUCE SPEED

Driving at 65 compared to 75mph can save you 13% on fuel.

DEPOT
