

# tRIIO ENVIRONMENT WEEK

## What can I do at work?

### AT THE DEPOT

#### SPARE FITTINGS

Make sure you return your spare fittings to store.

#### WASTE

Put your waste in the correct waste streams.

#### PIPE CUT-OFFS

Use pipe cut-offs where possible.

### TRAVELLING TO SITE

#### PLANNING

Plan your journey to avoid longer unnecessary routes.

#### EXTRA WEIGHT

Don't overload your van. Extra weight uses more fuel.

### ON SITE

#### ROOTS

Don't cut through roots that are bigger than your thumb.

#### DRIP TRAYS

When working near a river make sure all plant is on a drip tray.

#### SPILL KIT

Always have a spill kit ready to use.
